

St. Mary Administration Commission: Membership

Revised on June 15, 2009

Commission Membership: The Administration Commission is comprised of at least eight parishioners, who are recommended to the Pastor by the Business Manager, on the basis of their demonstrated financial expertise and business acumen, which would be beneficial to the operations and development of the parish community.

Administration Commission members may not be employed by the parish, or be closely related to parish employees or other commission members, unless a specific exception is granted by the Pastor. The professional objectivity of the Administration Commission members is balanced by their personal commitment to the ongoing success of the parish community, its spiritual ministries, and its organizational programs.

Administration Commission members usually serve three-year terms, but their terms may be renewed, with the consent of the Pastor, on the basis of their ongoing expertise in business matters, and in conformity with all the other qualifications for commission members found in the Pastoral Council Charter.

The Administration Commission discerns a Pastoral Council representative, a commission chairperson, and a commission secretary, who assist the Business Manager in planning and leading the commission meetings. These officers are discerned on an annual basis, through a process that is conducted by the Business Manager.
