

**Inter-Parish Christian Service Program:** Revised on June 15, 2009

H.O.P.E. Employment Support Ministry: We, the HOPE Employment Support Ministry, a community faith-based group, provide technical and emotional support for those who are unemployed or who seek to improve their current employment status.

Through networking, improving job-seeking skills, and morale encouragement, we assist those of all faiths to realize their full potential in the job market. A liaison from our organization serves on the Community-Service Commission.
